The convenient wall holder is assembled with **original Klauke VDE-hand tools**. All VDE-tools offer a high protection for working with parts under voltage till AC 1.000 V (alternating voltage) and DC 1.500 V (direct voltage).

All screwdrivers are marked at the end of the grip with the profile of the screwdriver blade.

The combination plier and the telephone plier are all provided with an integrated ring spanner that can be used for screws M8 - M10 (ø 11 - 17 mm).

The holder also includes a side cutter and a stripping tool for cables and single wires up to 10 mm².

- **KL130PM1IS** and **KL130PM2IS**
VDE-screwdriver plus/minus
- **KL10010035IS**, **KL10010040IS** and **KL10010040IS**
